**For Immediate Release:**

**MeetingOne integrates its EventPlanner with Adobe® Acrobat® Connect™ Pro**

**Denver, CO:** MeetingOne, a virtual event technology provider and Adobe Solution Partner, announces the integration of its EventPlanner online registration tool with Adobe® Acrobat® Connect™ Professional.

EventPlanner provides customers the ability for onsite and virtual event registration processes with one comprehensive tool. EventPlanner is designed to consolidate the registration process for virtual and/or physical meetings, regardless of size or logistics.

Adobe® Acrobat® Connect™ Professional is a highly customizable meeting, training, and presentation web conferencing tool. Acrobat Connect Pro allows businesses to engage customers and colleagues with rich multi-media content without the requirement of software downloads for participants.

EventPlanner now integrates with Acrobat Connect Pro web conferencing tool for seamless planning, registration and reporting for webinars and virtual events. Features that increase the usability of these two products include, increased security, transparent registration, improved access for participants and enhanced payment options.

To learn more about MeetingOne and this integration, please contact Shelby Britton at 303-244-0020.
